# Features & Benefits

New Generation Stratco Outback® Gable Patio

 STRATCO

# New Generation Stratco Outback® Gable Patio.

## Innovation

## Feature

### FIRST PRINCIPLE ENGINEERING

- Direct access to engineering calculations for structure optimisation.

### LED STRIP LIGHT

- A flush mounted, low voltage LED light.

### RIDGE ACCESSORY BULKHEAD

- Bulkhead at the ridge to house LED lights, mount ceiling fans or hang speakers.

### NEW BRACKETRY

- New modern componentry.

### NEW FOOTPRINTS

- The New Generation Gable system can more easily be designed to cover more footprints or layouts.

### NEW EXTRUSIONS – CAPS & RIDGE

- Consistent profile, self locating, easier to install.

### NEW TORX SCREW

- A superior screw in terms of performance and visual appeal.

### NEW INFILL FRAMING SYSTEM

- New flashing system to fix and conceal the ends of the gable infill material.

### NEW FRAMEWORK

- Addition of 150mm rafters, 120mm hip and valley rafters and checked in purlins.

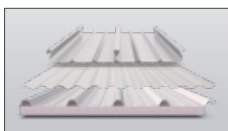

### NEW BARGE TRIM

- New modern slimline barge trim to compliment the gable aesthetics.

### NEW SPAN TABLE ENGINEERING

- Wide range of standard span tables covering more stand alone gable designs than ever before.

### NEW ROOFING TYPES

- Widest range of roofing options, including louvre, polycarbonate, steel and Cooldek.

## Benefit

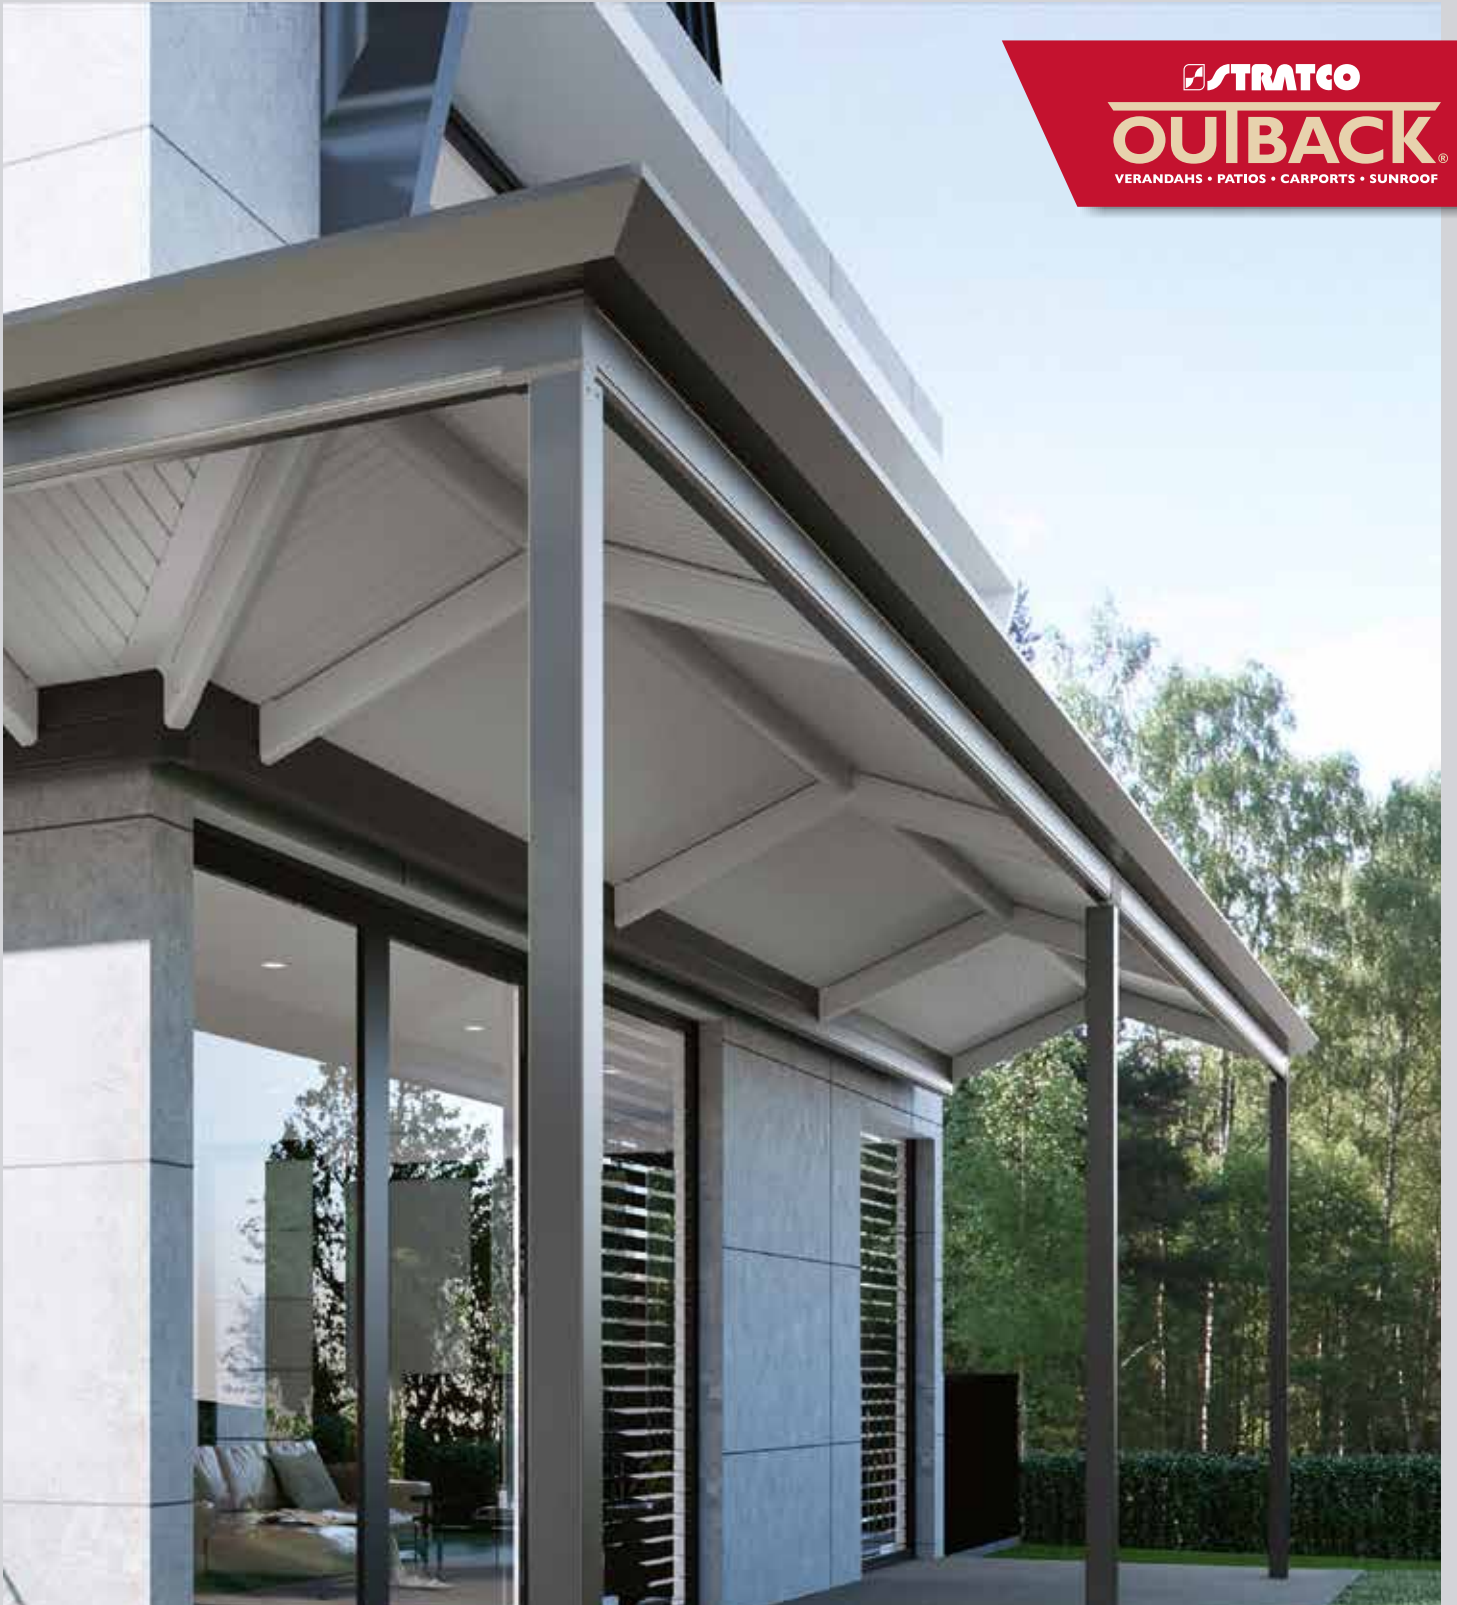

- Best outcome to suit customers needs, less cluttered structure, most affordable solution. Peace of mind.
- Get modern, semi concealed LED lighting in your patio for greater function that is truly unique to the Stratco Outback.
- Downlights and ceiling fans installed at the ridge line for central positioning and maximum effectiveness.
- Modern appearance and aesthetically pleasing.
- Get what you want far easier, quicker and cheaper than ever before.
- Looks good, less visible fixings.
- Good looking fixing that retains its paint finish during installation.
- Modern, good looking infill system, no cut edges of infill seen, concealed fixings.
- Get what you want far more regularly.
- Looks great.
- Get the structure that meets your requirements with less material and less clutter. Peace of mind.
- Customer choice and peace of mind that all roof types are designed to be used with the gable system that is backed by Stratco's engineering team.
